Mexicans breed like rats. They take up all of the services. Then they vote and get more services. So businesses are taxed to shit. Having said that, nobody really fucking leaves. Weather is a gigantic factor in where people settle.

this is correct and lots of arabs are getting on public disability because they are legally crazy and that hard to argue with

there are public school that teaches only in Spanish. That's fucking crazy, like a small school that caters to people that don't speak English, while large public schools with English speakers, who parents and generation of ancestors paid for these schools are fucked out of an education

fucking crazy special interests
